

WHO IS WATCHING YOUR BATTERIES?

The stationary battery industry has determined that a formal training curriculum for battery system technicians and maintenance personnel is necessary.

Stationary Battery Institute's (SBI) training program is very rich in both technical and practical information and also follows the IEEE 1657 curriculum standard. This comprehensive program covers the following subjects and more:

- Safety
- Electrical Circuits & Math
- Codes & Standards
- Documentation & Data Management
- Tools & Installation
- Battery Fundamentals
- Maintenance & Inspections

2010 TRAINING CALENDAR

Feb 16-18, Level 1 (Baltimore, MD)

May 25-27, Level 1 (Kansas City, MO)
